MARINE GEOLOGY
INTERNATIONAL JOURNAL OF MARINE GEOLOGY, GEOCHEMISTRY AND GEOPHYSICS

Contents

Marine Geology Volume 154, 1999

Special Issue: The Formation of Continental-Margin Strata.
Edited by C.A. Nittrouer

Preface 1

STRATAFORM: overview of its design and synthesis of its results
C.A. Nittrouer 3

Estimating river-sediment discharge to the ocean: application to the Eel margin, northern California
J.P. Syvitski and M.D. Morehead 13

River-plume sedimentation modeling for sequence stratigraphy: application to the Eel margin, northern California
M.D. Morehead and J.P. Syvitski 29

Measurement of size and settling velocity of suspended aggregates on the northern California continental shelf
R.W. Sternberg, I. Berhane and A.S. Ogston 43

Observations of sediment flux to the Eel continental slope, northern California
J.P. Walsh and C.A. Nittrouer 55

Sediment-transport events on the northern California continental shelf
A.S. Ogston and R.W. Sternberg 69

Estimates of suspended-sediment flux and bedform activity on the inner portion of the Eel continental shelf
D.A. Cacchione, P.L. Wiberg, J. Lynch, J. Irish and P. Traykovski 83

Across-shelf variations in bed roughness, bed stress and sediment suspension on the northern California shelf
L.D. Wright, S.-C. Kim and C.T. Friedrichs 99

Experiments on the relative mobility of muddy subaqueous and subaerial debris flows, and their capacity to remobilize antecedent deposits
D. Mohrig, A. Elverhøi and G. Parker 117

Modeling of non-hydroplaning mudflows on continental slopes
X. Huang and M.H. García 131

Modeling sediment entrainment and transport processes limited by bed armoring
C.W. Reed, A.W. Niedoroda and D.J.P. Swift 143

Two-dimensional numerical modeling of storm deposition on the northern California shelf
Y. Zhang, D.J.P. Swift, S. Fan, A.Wm. Niedoroda and C.W. Reed 155

Temporal and spatial variability of the sediment grain-size distribution on the Eel shelf: the flood layer of 1995
D.E. Drake 169

Deposition and modification of a flood layer on the northern California shelf: lessons from and about the fate of terrestrial particulate organic carbon
E.L. Leithold and R.S. Hope 183

Acoustic backscatter of the 1995 flood deposit on the Eel shelf
J.C. Borgeld, J.E. Hughes Clarke, J.A. Goff, L.A. Mayer and J.A. Curtis 197

The shallow porosity structure of the Eel shelf, northern California: results of a towed electromagnetic survey
R.L. Evans, L.K. Law, B. St. Louis, S. Cheesman and K. Sananikone 211
Modern accumulation rates and a sediment budget for the Eel shelf: a flood-dominated depositional environment
C.K. Sommerfield and C.A. Nittrouer 227
Spatial variability in sedimentary processes on the Eel continental slope
C.R. Alexander and A.M. Simoneau 243
Detailed investigation of continental shelf morphology using a high-resolution swath sonar survey: the Eel margin, northern California
J.A. Goff, D.L. Orange, L.A. Mayer and J.E. Hughes Clarke 255
Geometry and significance of stacked gullies on the northern California slope
M.E. Field, J.V. Gardner and D.B. Prior 271
Paleoenvironmental evidence for latest Pleistocene sea-level fluctuations on the New Jersey outer continental shelf: combining high-resolution sequence stratigraphy and foraminiferal analysis
K.F. Buck, H.C. Olson and J.A. Austin Jr. 287
Regional variability of slope stability: application to the Eel margin, California
H. Lee, J. Locat, P. Dartnell, K. Israel and F. Wong 305
Humboldt Slide — a large shear-dominated retrogressive slope failure
J.V. Gardner, D.B. Prior and M.E. Field 323
Regional slope stability and slope-failure mechanics from the two-dimensional state of stress in an infinite slope
U.T. Mello and L.F. Pratson 339
Subsurface gas offshore of northern California and its link to submarine geomorphology
J.W. Yun, D.L. Orange and M.E. Field 357
Tectonics, sedimentation, and erosion in northern California: submarine geomorphology and sediment preservation potential as a result of three competing processes
D.L. Orange 369
Three-dimensional quantitative modeling of clinoform development
N.W. Driscoll and G.D. Karner 383
Reconstruction of Tertiary progradation and clinoform development on the New Jersey passive margin by 2-D backstripping
M.S. Steckler, G.S. Mountain, K.G. Miller and N. Christie-Blick 399
